

The Curley CHRONICLE

PHOTO//MALANOWSKI

Mr. Brownlee, Director of Admissions, helps new students get their bearings during Fresh-Soph Orientation.

Welcome Back, Curley!

This fall, 140 Freshmen join the ranks of the student body as we begin another year of studies at Archbishop Curley High School. With a freshly modified schedule, three new members of the faculty & staff, and other changes, students new and old may find themselves adjusting old habits in Curley's 58th school year.

Tomorrow will mark the first FLEX day of the new academic schedule as we join together for our first liturgy of the school year in the Auditorium. Students will be seated by advisory, so keep an eye out for your faculty advisor and remember to be quiet and respectful through the Mass.

Keep calm and charge your iPad!

Features Editors

This year, Curley attended the Encounter the Gospel of Life service camp, which is open to all high school students, with a group of about 30 students as

well as faculty and staff chaperones, who were all overseen by Br. Nick Romeo. The camp is based out of University of Maryland, College Park and took place from July 7th to July 12th. During the week, the students live in the dorms at the University of Maryland as well as participate in the camp wide program, which includes games, reflections, and daily Mass.

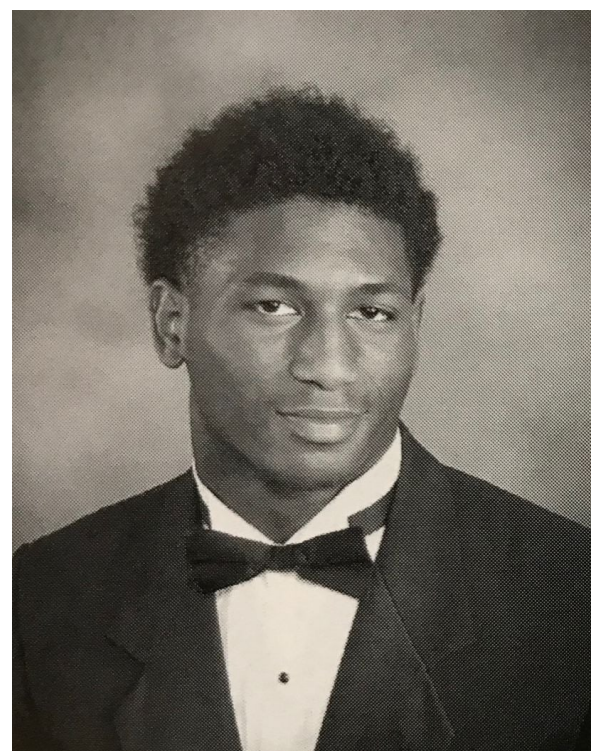

Saints Sign Deonte Harris '15

Aiden Berkenkemper '22
LNI News Editor

On Thursday, August 22, newly signed New Orleans Saint Deonte Harris, spoke in an interview following the 28th day of training

camp. Harris talked about being grateful and how it has been a blessing to have the opportunity to, "showcase (his) talent and

(his) skills and everything (he) has worked for." Within the brief interview we see Harris be humble, faithful, and determined, three qualities that are sure to have been strengthened and re-affirmed during his time at Archbishop Curley High School as a member of the class of 2015.

Deonte Harris

Future Goals: NFL, Business
Activities: Football, Basketball, Track & Field
Favorite Quote: "I am not perfect and don't have to be! Before you start pointing fingers, make sure your hands are clean."
Favorite Place in Baltimore: My house
Favorite Memory: Receiving my honor card for my good grades

Harris's entry from the 2015 Cord, with his "future goal" to play in the NFL.

Encounter, Cont'd

During the day, the students and their service site groups, which contain campers, young adults, and adult leaders, head to their service sites that they are as-

signed to be at for the week. The service sites range from helping the elderly, to helping little kids, to wandering the streets helping the homeless. As Kevin Franiak '20 said, "Encounter was the best week of my summer. I made some amazing memories with

Curley guys and worked with mentally disabled adults, which gave me a new and positive outlook on disabilities. We met so many new people and had the opportunity to connect with kids from across the nation."

EDITORIAL

High school can seem overwhelming freshman year: a new environment, new people and tougher classes. Here are the Chronicle Editors-in-Chief's advice:

Patrick: Don't be afraid to get involved. It may seem overwhelming due to the number of amazing clubs and events you can partake in, but don't be afraid to try different things out. You may find you don't like it, or perhaps it will be something that you participate in for all four years. You'll never know unless you get involved. You'll be glad you did.

Mitchell: Be organized and stay on top of things. Falling behind on even something little like homework can be overwhelming if it gets out of hand. Keep a planner to make sure you don't forget or miss any assignments. Keep a binder to have a nice organized collection of homework or tests. Being organized can go a long way in freshman year.

Cameron: High school is what you choose to make of it. That being said, self-discipline is a significant skill in not just school but life. Let's be honest, waking up at 6am to get to school and endure 7 hours of classes is not always desirable. However, with maturity and self discipline—admittedly difficult skills to develop—you can thrive in any environment. Self discipline isn't just completing homework, it's staying after school when maybe you don't want to; it's setting goals and challenging yourself; it's pushing yourself not just as a student but as a man. Yes, high school is going to be an adjustment and it's going to be challenging at times, but Curley is an excellent opportunity to grow in all areas as a man.

Good luck class of 2023!
