

# iPad Specifications: Archbishop Curley

2020-2021 School Year

## Summary:

The iPad should be a **7th generation or newer iPad** with at least **32GB** of storage. The iPad Mini is **not supported** by the school because the screen is too small for schoolwork use.

We strongly recommend AppleCare+ because iPads do get dropped and crack on impact. Please see below for more information on AppleCare+.

Please note: The minimum of 32GB is sufficient for **schoolwork**. However, if you plan on using this iPad for personal use at home then **larger storage size is strongly recommended**.

We will accept the older 6<sup>th</sup> generation iPad but please be advised that it may become obsolete before the end of Senior year.

iPad Name	iPad Model	Storage	Education Price
iPad 7 <sup>th</sup> Generation 10.2 inch		32 GB Minimum  128 GB Recommended	From \$309   From \$409
iPad Air 3 <sup>rd</sup> Generation 10.5 inch		64 GB	From \$479
iPad Pro 2 <sup>nd</sup> Generation 11 inch		128 GB	From \$749
iPad Pro 4 <sup>th</sup> Generation 12.9 inch		128 GB	From \$899

## Apple Education Pricing

Apple offers special education pricing on the Apple Education Store. Discounts vary depending on model and size. You may also purchase refurbished iPads at discounted rates.

*Apple also offers special trade-in deals at purchase if you have an older iPad you would like to upgrade.*

## AppleCare+ Warranty <https://apple.com/support/products/ipad/>

The technology department recommends that you purchase AppleCare+ with your iPad. Depending on the model, AppleCare+ ranges from \$69-\$129 and provides 2 years of coverage, which includes *two incidents* of accidental damage. Each incident requires a \$49 service fee in order to replace the iPad for a new one.

AppleCare+ will also cover AC charger and cord replacement, but the damaged items must be exchanged with Apple.

iPads can be brought to any Apple store for instant replacement after making an appointment.

AppleCare+ also includes the *iPad Express Replacement service* where Apple will ship you a new iPad before you send the damaged iPad back.

*AppleCare+ for iPads will not cover lost or missing items.*

## Protective Cases

We **strongly** recommend getting a protective case for your iPad investment. The technology department recommends STM Dux cases or Otterbox. Discount stores such as Five Below have iPad cases but they may not provide adequate protection.
