

ARCHBISHOP CURLEY

H I G H S C H O O L

September 2020

As you know, the coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization (WHO). Medical knowledge regarding COVID-19 continues to evolve, but COVID-19 is reported to be extremely contagious and is believed to spread through person-to-person contact and/or contact with contaminated surfaces and objects, possibly even in the air. The exact methods for spread, contraction, and infection are unknown and there is no known treatment, cure, or vaccine for COVID-19. Evidence has shown that COVID-19 can cause serious and potentially life-threatening illness and/or death.

In response to COVID-19, Archbishop Curley High School is taking precautions to maintain a safe environment and has implemented new cleaning protocols. Sanitation stations have been established. Social distancing protocols are also enforced. Individuals on campus are required to wear masks covering the mouth and nose. Temperatures are taken for all individuals upon arrival to campus.

By my signature below, I understand and acknowledge the above warning regarding COVID-19 and that my family's participation in an on-campus tour may involve risk of exposure to, contraction of, or infection by COVID-19.

I confirm that no member of my family has an elevated temperature (over 100.4). I confirm that no member of my family has been in close contact (within 6ft for 15 minutes or more while indoors whether wearing a mask or not) with an individual actively diagnosed with COVID-19. I confirm that no member of my family has exhibited any symptoms related to COVID-19 as identified by the Centers for Disease Control and Prevention (CDC).
